ASIA OUTSOURCING

Are you looking for a great BPO company? Would you like to outsource some work to a professional, but you don't want to pay too much? Our well trained staff of freelancers work from home and are located across Asia. As a team, we are ready to take on your projects! Simply provide us a detailed explanation of the task. We will make sure that your project is being taken care of with the best care!

SINGAPORE HOSTING

Do you have your own website? Or maybe you own or manage a portfolio of various websites? Would you like to run your website on the fastest and most efficient servers possible? Preferably in Asia for faster page loading? Singapore Hosting has the perfect plans available for any freelancer, agency, business or entrepreneur. Our servers are located in Singapore, and enjoy 99,9% guaranteed uptime!

SINGAPORE MAP

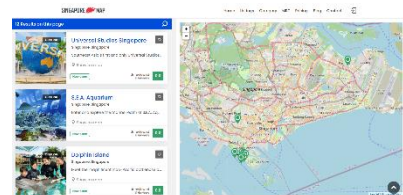

Years ago we had easy-to-use tourist maps for newly arrived visitors. Nowadays the maps are gone, but no good alternatives have been created. Until now! Singapore Map is the ultimate guide for anyone who likes to explore Singapore. Find hotels, shops, restaurants, attractions, businesses and more within seconds. With many more functionalities being added, this is the ultimate guide to Singapore!
